

Zeagle Product Specifications

Buoyancy Compensators:

Zena BC:
7401RK

Zena BC: Standard Features

Trim and streamlined, the Zena BC has been designed by women as a buoyancy system for women. The comfortably soft lined front panels zip closed to provide outstanding fit and comfort. The twin straps adjust to fit around the waist and hips independently, allowing a lower and more balanced position for the weights and buoyancy. This provides increased security and helps to eliminate shifting.

- Zeagle's Personal Fit System (PFS)
- Pull out mesh "Quick Pocket" (8033QP)
- 24-lb capacity Ripcord weight system
- 20-lb rear weight system (releasable)
- 4 Stainless Steel D-Rings
- 34-lb lift capacity low-profile bladder
- Upper (Waist) & Lower (Hip) adjust straps

Zena BC: Accessories

Front Panels
7467Z
